

## Back to School

Yesterday it was the third of September, it was a special day called Back to School **which** is the first day of school in the school year.

We saw a video **where** a girl **whose** name is Mollie Elisabeth gave tips for year 7 (6e), **since** her little brother was anxious, nervous to start in year 7 in a new school.

**So**, she made / shot a short video **to/ in order to** comfort and give advice and tips to all year seven.

**First** she says be happy, don't be late, be positive, do your homework, stay calm, work hard and have fun. Don't be scared, just be yourself. Don't worry, everything's great.

**To conclude** she says that's all for now, she thanks people for watching and she asks to like, comment and subscribe to her channel on youtube **before** saying bye!
