## Back to School

### 'Tips for Year 7'

Yesterday, we watched a video **where** Mollie Elisabeth is talking about her little brother **who** is anxious, nervous , jumpy and excited **since** he is starting a new school year in year 7.

On the video, she is giving tips/ advice to all year seven **because** she has / 's been there (she knows what it is).

First, she says be happy , don't be late, be positive, do your homework, stay calm , work hard and have fun. Don't be scared, just be yourself. Don't worry, everything's great.

To conclude she thanks everybody for watching and ask people to like, comment and subscribe to her channel on you tube before saying bye !

That's all for now !
