HIGH STREET

Starting from the station, a chance to shop in style; all the best High Street names are here with independent department stores plus specialist shops offering items that are a little bit special.

CONSERVATION AREA

The fabulous Georgian houses set in twisting lanes lead you into the conservation area from the North of the High Street, passing the Astor Theatre, Georgian Town Hall and St. George's Church plus the many specialist shops that make up this picturesque area.

SEAFRONT AND PIER

Step out over the sea with a walk along the pier and look back at the amazing seafront vista - spot fishermen's cottages, the unique Time Ball Tower and the battlements of Deal Castle. Along the whole length of the seafront is a dedicated path north, to the famous golf courses and south to Walmer Castle beyond.
